# THREE THINGS I LIKE THE MOST ABOUT ADAPT PROGRAM

Mohit Sharma

# WHAT MAKES ADAPT AWESOME

Opportunity to expand my professional network through networking and collaboration.

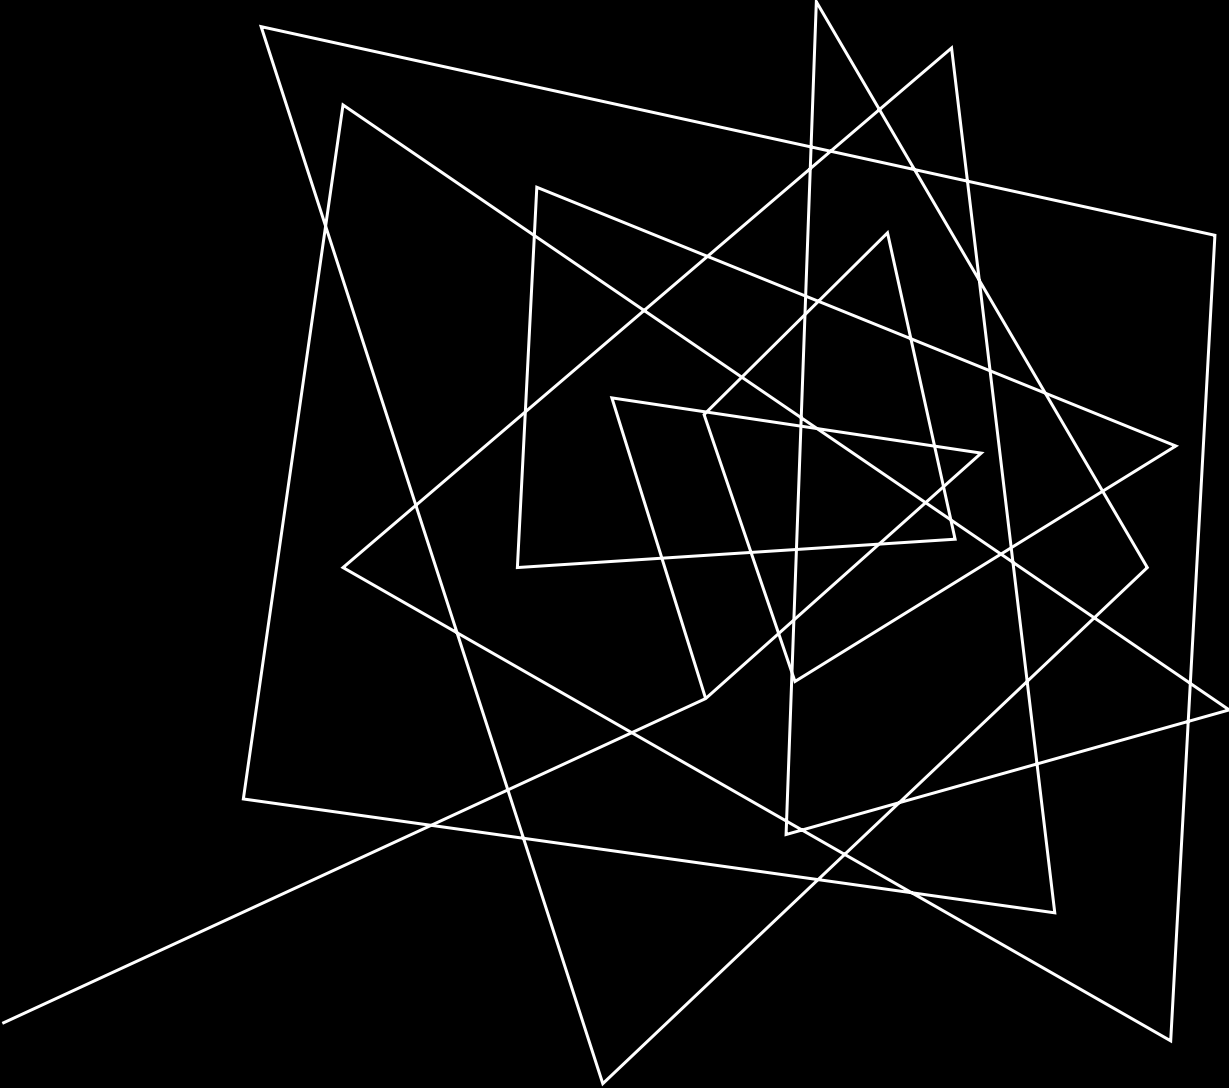

Awesome support from ADapT staff that is organized and up-to-date for my learning and development

Development of my confidence, professional and digital skills by learning I gain from modules on professional & digital content as well as soft skill & technical skills.

# NETWORKING AND COLLABORATION

- ADAPT program offers multiple networking and collaboration opportunities through multiple programs such as
  - Accountability buddies
  - Employer presentations
  - Guest Speaker presentations
  - Weekly Check-in's
  - Following people on LinkedIn Learning delivering module content.
- These programs cultivate collaborative learning environment and enables valuable networking opportunities, idea exchange, feedback, and self-development.
- Additionally, one gets to improve their professional visibility online by improving their LinkedIn profile and through Search Engine Optimization.

## AWESOME SUPPORT

- ADapT staff provides excellent support through weekly check-in's by responding to feedback and empathizing with participants who might have other commitments by being flexible with deadlines .
- The flexibility allows participants to complete their course work at their own pace but in a reasonable amount of time ensuring their learning and development.
- This promotes a more inclusive and accommodating learning environment.

# COMPREHENSIVE CONTENTS

- Comprehensive course contents that provide practical skills learning and development and provides an opportunity for application.
- These modules help a student to bridge gap between academics and professional world.
- Also, the modules are asynchronous for the online stream which allows participants to learn at their own pace allowing customized learning experience.
- The modules are so chosen to include soft skills as well as technical skills which leads to both digital and professional development of the participants.
